

April 11, 2022

I wanted to take a minute to THANK and recommend TMG Business Solutions and Jorns & Associates for their excellent work on the ERTC (Employee Retention Tax Credit) with our Greater Cleveland Youth For Christ organization. They worked professionally and efficiently to help us obtain 'substantial dollars' through the ERTC. They are experts in their field and explained their simple process and terms of agreement to help us. They gave a short presentation to show their process and how we could apply. We signed up, they did all the work, and to date (6 months later) we have already received 4 of our 6 expected checks to help our ministry reach more youth in crisis. There have been no surprises, no disappointments, and no delays. Everything they said they would do, they have done. I would like to thank TMG Business Solutions for bringing this to us and recommend Jorns & Associates to as many friends and family as possible in hopes they too would benefit from their great work.

Best Regards,

Jeff Thompson
