Jorns & Associates
30 N. Gould St.
Suite 23809
Sheridan WY. 82801

To whom it may concern,

I wanted to thank the Jorns & Associates, for their consultancy and management of the Brookes & Henderson's ERC application, we have recently received the funds.

I was introduced to TMG Business Solutions through a mutual friend and business associate. TMG explained the ERC program, in a way that I was able to understand and convey to our other business consultants, (CFO, tax accountant and attorney). I rely heavily on the consultants we partner with and TMG's leadership in this matter allowed me, and our consultants to move forward with the ERC, with a high level of confidence.

Lastly, and most importantly, Steve showed me that the ERC is a vehicle by which business owners can reinvest money in their business and take care of their people, a concept that is truly in line with our Core Values.

Kindest regards,

Chris Brookes
